U.S.A.

Dear Dr. Glenn,

May I recall you on our meeting during the visit you made to prof. Fuxe's laboratory in the summer of 1989. You then indicated that it was possible for me to apply for a research grant from the Council for Tobacco Research. At present I am working at the Dept. of Internal Medicine, Karolinska Institute and Huddinge Hospital. I have now established excellent research colaborations in order to make possible to do nicotine studies on humans. I would much appreciate if you could send me application forms for Research Grant from the Council for Tobacco Research.

Many thanks in advance,

Yours sincerely,

Kurt Andersson, M.D. Ph.D.
